RE: Former Naval Station Treasure Island

Thank-you for contacting the Agency for Toxic Substances and Disease Registry (ATSDR) about your health concerns.

We are sorry that you are having health problems. If you are concerned about your current health being affected by an environmental exposure, you should discuss this with your doctor. You can also contact the Association of Occupational and Environmental Clinics (AOEC) at the University of California-San Francisco. The AOEC can provide individual medical consultation and if needed, medical evaluation. The AOEC does not provide legal action, investigation or enforcement. ATSDR does not pay for any services you may receive from AOEC. You may find more information about AOEC at <http://www.aoec.org/>.

You can call AOEC directly at the phone number listed below. The intake specialist will talk to you about your situation and what next steps you can take with AOEC.

Occupational and Environmental Health Clinic - UCSF
2330 Post Street, Suite 460
San Francisco, California 94115
Intake Phone: (415) 885-7580

Sincerely,

Libby Vianu
Regional Director
ATSDR Region 9
75 Hawthorne St.
San Francisco, CA 94105
